

Happy New Year!

We hope that you had a wonderful break and thank you so much for the cards, kind words and gifts. We are really looking forward to 2017.

As you may know, Highfield Primary School works closely within The Red Kit Alliance. 3T have been lucky enough to work with Miss Stockton for the Autumn term. Miss Stockton is continuing her training at a different school for the Spring term and we are very fortunate to have Miss Wilson with us during this term. Miss Stockton will return in the Summer term.

Below, are some of the things we are focussing on this term. Please, if you have any questions about your child or our curriculum, do not hesitate to come and see us.

Thank you for your continued support,
Miss Das and Miss Thackrah

English

Persuasive writing, adventure stories, information texts.
In order to help your child, please continue to revise and learn the Year 2 and Year 3 tricky words.

As the children's books get longer, we understand it is not always practical to listen to the whole book.
However, please listen to part of it and question your child on what they have read.

Thank you for your support with regards to your child's handwriting, the improvement has been amazing!

Science

Plants and states of matter
Parts and functions of a plant.
The differences between solids, liquids and gases.

Topic

Moortown and Ancient Egypt

Extra-curricular subjects

This term we will be visiting the synagogue and our walk around Moortown. Dates will be confirmed.
We will also be performing our Spring concert on the 29th March 2017 at 9.20am.

As part of our DT unit, we will be making a sarcophagus which opens. For this, each child will need a shoe-box, preferably with a hinged lid. If you have more than one, please bring in more than one. Please can you bring this as soon as possible.

Maths

Measurement and fractions.
Measuring, adding and subtracting lengths
Converting between mm, cm and m.
Perimeter of 2D shapes
Telling the time on both analogue and digital clocks to the exact minute, including Roman Numerals.
Converting between seconds, minutes and hours.

Finding fractions of shape and number.
Counting in tenths

This term we will be focussing on the 3 times table as well as revising the 2, 5, 10 and 4 times tables.
During Spring 2, we will be focussing on the 8 times table.

R.E/ PSHCE

Religious practices of Moortown and Judaism
Drug education with a smoking focus
